## Fishing Regulations Web Site- Ministry of Natural Resources

Here's the Ontario Ministry of Natural Resources link to the [2010 Fishing Regulations Summary](#) and here is the link for [Zone 4](#), which applies to both Trout Lake and Joyce Lake. Trout Lake guests may choose between a conservation licence and a sport fishing licence, and Joyce Lake guests choose a conservation licence.

You can download a copy for printing or save to your hard drive. If you don't have Adobe Acrobat Reader, [download a free copy here](#).

We have copies of the "2010 Recreational Fishing Regulations Summary" on Trout Lake and copies are kept at the Joyce Lake Outpost.

Please do your part to conserve our remote fly-in waters. Boois and staff urge you to purchase conservation licences.

## Non-Canadian Resident Outdoors Cards and Fishing Licence Tags

[Click here to read the changes that became effective 2009 regarding your fishing licences.](#) If you purchased a licence in 2009, you should have received via snail mail your "Non-Canadian Resident Outdoors Card." (If you haven't please call the Ministry of Natural Resources at 1 800 667 1940.) [Bring this card with you](#) and all that's necessary for you to purchase is a "Fishing Licence Tag" that completes your licence.

If you did not fish in Ontario in 2009, you have to purchase a temporary Ontario Outdoors Card. We sell these in the lodge. Along with your 2010 Fishing Licence Tag- it becomes a complete licence. The Ministry of Natural Resources will snail mail you your plastic card later on in the year.

We sell Non-Resident and Resident fishing tags and temporary Outdoors Cards at the lodge. Prices are the same whether you buy from us Boois or at any Ontario licence-selling location. Please refer to the Ministry of Natural Resources site for the current prices. [Here is the link.](#)

Did you know that non-Canadian resident fishing licences are also available through the mail? Simply call the Ontario Ministry of Natural Resources at 1-800-667-1940 to order yours.

Save time- have us fill in your fishing licences in advance. There are several ways...

The best and easiest way- click <http://www.boois.com/fishing-license.htm>. You'll find a form to fill in at Booi's site, which will be automatically sent to the lodge. Your temporary card will be waiting for your signature and/or your licence tag will be ready for pick up. Easy as Canadian apple pie.

Prior to your arrival print the form [Fishing Licence Fill-In Before You Arrive Form on page 15, fill in with pen, scan then email to \[tjbooi@telus.net\]\(mailto:tjbooi@telus.net\)](#), or fax to the lodge at 1 807/727-2489.

## 2010 Fishing Regulations

Note: this is a Booi Briefing and subject to change according to the Ontario Fishing Laws that govern Trout Lake and Joyce Lake and Boois own policies. If in doubt, always follow the MNR laws.

**Catch Limit** The number of fish that you are allowed in possession- daily- this includes your fish in the freezer, in the fridge, on your stringer and fish eaten each day are included in your daily catch limit. When travelling home you are only allowed to have your daily limit with you. If you aren't clear on this, please ask us.

**Freezing Fish** Each fish packaged for the freezer must be wrapped 1 fish per package, frozen flat, with a large patch of skin (at least 2 inches) left on each fillet for identification purposes. Each fish must be labelled with fish specie (e.g. W for Walleye, N for Northern and L.T. for Lake Trout), have the cottage number (e.g. C #5), and the first initial and last name. (E.G. if John Smith froze a walleye and he stayed in Cottage 3, his frozen fish would be labelled- **WC#3 Smith.**

**Size Limits** Are the same for both sport fishing and conservation. To measure the fish accurately, measure from the tip of the nose to the tip of the tail with the lobes compressed.

**Bait Restrictions** Smelt are not allowed

**Limits:** Pick up your copy of the 2010 Fishing Regulations at the lodge counter or at Joyce Lake.

Species	Sport Fishing	Conservation	Size Limits
Walleye	4	2	Only 1 greater than 18 inches (46 cm)
Lake Trout	2	1	Sept. 1-Sept. 30, only 1 over 22 inches (56 cm)
Pike	4	2	No fish between 27.5 -35.5 inches (70-90 cm) and only 1 greater than 35.5 inches (90 cm)

Booi Island Law in effect for guests, staff & all Booi's, no northern pike are to be kept greater than 27 inches. All pike over this size must be released back into the waters of Trout Lake. Replica-mount trophies, which do not require the dead fish, can be made. These mounts only require a description of the trophy and a picture if you have it. Thank you for doing your part in conserving Trout Lake's trophy pike fishery. It's appreciated and noted

As most of you know, for the past 24 years, Joyce Lake has been catch and release only, with walleyes less than 18 inches within your conservation limit allowed to be consumed during your stay. Thank you for respecting the limits- Joyce Lake remains a top-notch trophy lake because of you.

We highly recommend reading the "2010 Recreational Fishing Regulations Summary," which describes in detail and in full accuracy all necessary information to ensure you choose the correct licence and to gain full knowledge of all fishing rules and regulations. A link is provided at Booi's web site <http://www.boois.com/fishing-license.htm> or you can view the Ministry of Natural Resources' site at [http://www.mnr.gov.on.ca/MNR\\_E001324.pdf](http://www.mnr.gov.on.ca/MNR_E001324.pdf). Current "2010 Recreational Fishing Regulations Summary" hard copies are available at Boois in the lodge on Trout Lake & copies are kept at Boois Joyce Lake Outpost.
